**Fishing Outing and Gathering**

**7:00:** At approximately 6:00pm a quite respectable number of people arrived at the Boiceville Inn for the planned fishing outing. Attendees grouped as desired and went where they desired.

Some good fishing was reported by members, and other attendees, upon return to the Boiceville Inn at approximately 8:45pm for pizza and lively conversation. Judging by the number of pizzas that were ordered and consumed alone, it seemed a very good time was had by all. As there were quite a few non-members present, presumably new acquaintances and connections were formed (always a good thing).

All in all, quite a **successful event** enjoyed by all who attended!

Respectfully submitted,  
Thom Frankel
