Fly fishing is our passion. Trout are our cause. Healthy waters are our goal.

For more than 50 years, Trout Unlimited has played a leading role in protecting rivers, streams and watersheds across the nation. Our Ashokan-Pepacton Watershed chapter, located in the heart of New York's Catskill Mountains, is especially active in stewardship, education and advocacy for our historically important waters, deemed the "Cradle of American Fly Fishing."

Nationally, with about 400 chapters, Trout Unlimited (TU) organizes stream restoration projects, directs conservation and environmental protection programs, and provides a voice for fish and cold-water resources.

Locally, TU is an invaluable personal and community resource. Members enjoy the benefits of a network of like-minded, knowledgeable anglers, participate in local stream conservation projects, lend a hand with rewarding youth education programs like "Trout in the Classroom," and hone and improve their fishing and fly-tying skills through seminars, talks and demonstrations at our monthly meetings.

Through water we witness the world. Whether you are an angler, sportsman, hiker, or just concerned about protecting and preserving the rich resources where you live or vacation, you understand the importance of watching over our streams and reservoirs, our trees and forests — even the very air we breathe. TU realizes that healthy watersheds and fisheries are the product of a healthy biosystem, that every part of our environment is connected, and the health of the parts is the health of the whole. At Trout Unlimited we are committed to the highest and best care of our watershed, not only for our enjoyment, but also for the benefit of future generations.

You can support our beautiful Catskill fisheries by joining the Ashokan Pepacton Watershed Chapter of Trout Unlimited. A membership brochure and application is available on the chapter website at www.apwtu.org/membership.html. The cost of membership is only \$17.50 for the first year and \$35 per year thereafter. The payoff is priceless.
